"The Mall And Misery"

Cycle down in the belly of the ocean
Why he ever notice it as sucking up?
Rise up and sound this state
That everything else in this world can be broken

When the scolding flow closes the distance
Up from the devil then seeping out
Your tiny vengeful life might pass through my mind
But I blink and it's over

It's coming
Wait for it
Redawning
No contest
All of a sudden
Your Body and Soul
Will call a grave
You've been avoiding

This city
Your culture
Your mother
Is suffering
It's over
So what if
I love it
I can't help it
That's all

Several times in the glimpse of our intentions
I turned the stone and found a brand you light
I can from no more words as I cannot dare see no
drama
Washing me over me

Will someone measure this moron now?
I'm back in this one light town
I cut the tie and I don't have to rely on nothing no more

It's coming

Wait for it
Redawning
No contest
All of a sudden
Your Body and Soul
Will call a grave
You've been avoiding

This city
Your culture
Your mother
Is suffering
It's over
So what if
I love it
I can't help it
That's all
