Could this be the end of thoughts  
A lesson to recall  
A start to feel this fight of mercy  
A breathless thought of sin

Cause every time the earth moves  
I start choking  
I wander off alone  
Cause every time the lie fools  
I am falling  
It's a reason to go insane

Hear my pride  
I'm already wasted  
With every thought  
Inner fight  
I'm already fading

Look away beyond goodbye  
Where the lightning strikes inside  
Maybe for one day release it  
With a perfect world in sight

Cause every time the earth moves  
I am crawling  
I start dreaming of what has been  
Cause every time I feel that  
Of what I'm choosing  
Don't you hear the sound of sin

Hear my pride  
I'm already wasted  
With every thought  
Inner fight  
I'm already fading

I found my strength in those  
That didn't want to compliment me  
My only reason to embrace this life  
Is on defensive

Hear my pride

I'm already wasted  
With every thought  
Inner fight  
I'm already fading
