Quietly but always watching  
Hidden in the night  
Eagerly waiting the morrow  
Hidden from your sight

Spotted only in your dreams  
But nevertheless there  
Lurking back from out your vision  
Never seem to care

Repelled only by a knife  
Their kind will bring you fear  
Follow not their song in darkness  
It Leads away from here

Female faeries, frightful horrors  
Riding on the storm  
Luring travellers away  
In their hideous form

They are forever  
They're standing side by side  
Running together  
And staying out of sight

They are forever  
They're standing side by side  
Running together  
And staying out of sight

Semblance of a poor old woman  
In ash-coloured clothes  
Apron thrown across the shoulder  
But it's you she loathes

Now too late to cry  
Out in the meadows we will fly  
Running away to wonder why  
We die inside

Now too late to cry  
Out in the meadows we will fly

Running away to wonder why  
We die inside

They are forever  
They're standing side by side  
Running together  
And staying out of sight

They are forever  
They're standing side by side  
Running together  
And staying out of sight

Now too late to cry  
Out in the meadows we will fly  
Running away to wonder why  
We die inside

Now too late to cry  
Out in the meadows we will fly  
Running away to wonder why  
We die inside
