Take your leave tonight

Destination hidden  
On a path so clear  
How can someone so close be so hard to find

Close my eyes, remember  
Anger flows inside  
Hide the pain and all the fears inside my mind

Feel the void inside me  
Hear the silent decree  
Taste the emptiness and take your leave

Loneliness surrounds me  
Solitude defines me  
Taste the emptiness and take your leave tonight

In my dreams appearing  
Lost within my sight  
Blackened is the void within when all else dies

I see you approaching  
Ignorant, sincere  
I'm impassive but inside my fears arise

Feel the void inside me  
Hear the silent decree  
Taste the emptiness and take your leave

Loneliness surrounds me  
Solitude defines me  
Taste the emptiness and take your leave tonight

Once upon a failing star  
I feel you inside me  
A fleeting glimpse felt from afar  
But you're not here to see...

Take your leave tonight

Feel the void inside me

Hear the silent decree  
Taste the emptiness and take your leave

Loneliness surrounds me  
Solitude defines me  
Taste the emptiness and take your leave tonight

Destination hidden  
On a path so clear  
I should care less but reprise, feel tears arise

I see death in your eyes  
You're deaf to my cries  
But you'll never be the last thing on my mind

Feel the void inside me  
Hear the silent decree  
Taste the emptiness and take your leave

Loneliness surrounds me  
Solitude defines me  
Taste the emptiness and take your leave tonight
