well who's that gent with the shiny wind breaker  
who just walked into the place  
three wind baskets put in kiss with a handsom face  
big hearted wee-high scoring warrior  
wont you give me a chance  
hey travis can i have this dance

oh my that rascals one bad hombre  
there aint no question bout that  
brown eyed big hearted brave big brother  
and a fifty gallon hat  
and when you make a friend in this big old world  
it aint happenstance  
hey travis can i have this dance
