"Hold On"

Visit "[Hold On](#)" on MotoLyrics.com

This world is very cruel
But you don't have to go
You think no one cares for you
But I will stand beside you

You know there someone cares for you
Don't lose hope and don't let go

Hold on... don't let it go
Because... I'm always there beside you
Hold on... and stand beside me for our love
Gets stronger everyday...

Every time that I see you smile
It makes my heart go wild
You're like an angel in my eyes
It makes me happy when I am sad

Hold on... don't let it go
Because... I'm always there beside you
Hold on... and stand beside me for our love
Gets stronger everyday

Hold on... don't let it go
Because... I'm always there beside you
Hold on... and stand beside me for our love
Gets stronger everyday

Hold on... don't let it go
Because... I'm always there beside you
Hold on... and stand beside me for our love
Gets stronger everyday
