Goose
Go and lick it up
Chilling at the club
You know I wanna Fuck
Yeah I'm looking for a slut, ___? Lady with a nice round
butt
Girl drop it low
You suck my dick like a popsicle
I'm not that smart
But your boy got head
Got drunk and woke up in my bed

Lets get drunk and go back to my Crib
I got the dro' that we can smoke that shit
Lets get drunk and go back to my crib
All the hoes already know that shit

Woke up late
Sleep till 6
Gotta little buzz
I still feel drunk
I guess thats why they call us crunk
But then I turned my head
Saw that girl jumped off my bed
I freak out like "What the Fuck
I guess your boy got to drunk

I woke up drunk and this is what I said
This fat bitch jump off my bed
I woke up drunk and this is what I said
A cord was wrapped around my neck

One shot

Everybody on the Dance floor
One shot

I'm drunk and I want some more

Go and lick it up
