Yo, there's a monster inside me(inside me)
There's a monster inside me(inside me)
And there's a monster inside me
And everywhere I go there's fucking monsters beside
me

There's a monster inside me(inside me)
There's a monster inside me(inside me)
There's a monster inside me
And everywhere I go there's fucking monsters beside
me

Yea, Yeah, Yo,
Fuck this, you want to leave like this
I thought you cared to think I would've theifed that shit
Now your coming back at me like you need my kiss
Fuck that you don't even just to me you don't exist
Your only with me to see if I could achieve this
It's not the cheive you never think I'll never please you
with
Please dive into infested razors you mistreated bitch
You need to leave my grip because I don't need this
shit
I got enough problems to face with these conceded
kids
Who built beef with me everytime I speak or spit
For the gallisters because my stalist deepest pits
Fuck that and fuck you hoe beleive in this

I hate you, I hate you
But I'm having trouble hatin' because I had it wow
Thinking of a how mother fucking saint found
I would've gave it up if I didn't have it found
Cheap over matics now monster I'm glad your found
Because I'm getting tired of all the fucking lies I trust
I despise enough for me and I despise you much
I'm blind as fuck because like see my eyes are shut
Because I love singing in my mind this might get
crushed
I'm not thinking about you anymore my vision is lost
I'm on bars behind bars like a prison of dark
Mission to fly my mission was never true well I'm

forever clue
Whatever boo go on an act you never knew

I hate you, I hate you
I can't take this pain
I'm falling
Inside my head
I'm trying
To bring you back to me
The thought of it was all tainted bad
Everything I said
I promise
I can't watch you drift away(Away)
My heart was beating faster

I can take the pain(pain)
I can take the pain(pain)
I can take the pain(pain)
I can't take the pain

I hate you, I hate you
Check 1, 2, 3, 4, 5, 6
7, 8, 9, 10, 11, 1, 2,
I never in my life told you that I want you
But now your coming back at me like I loved you
Girl your assuming the hot life is Spanish
Shhh
And that's twice in Spanish
Shh
That I hate you and that was quite romantic
This guys a damn critic for all the mics he damaged
Have a nice day you weren't meant for me
Dear gosh it wasn't supposed to be sent to me
You must have got the mail and address on the
package wrong
But fuck it, it never lasted long
Why the fuck do you think I'm spitting this harrasid
song?
We never got back together,
Never had a bond,
Between me and you
The only thing the sad went on
So fuck a chorus you
I'll let them know I'm glad your gone
