And everyday i see you there WITH HIM
holding your hand he's trying to KISS YOU
i try so hard i wanna be WITH YOU
cuz i can't take this pain, cuz i MISS YOU
i won't let go, my heart will not LET ME
so i'm alone, just feeling so EMPTY!
i'll kill myself, let the devil come GET ME
and take away, the pain that you LEFT ME!

verse 1:

well i admit it
im jealous, i feel like giving up
will kill myself
but something tells me you wont give a fuck!

and i don't want to waste my time
if it aint worth it
i could jump off a roof on purpose
until i hit the surface

so fuck the pain
fuck the past
and fuck your new friend
i don't want nothing' to do, with nothing' you are doing
[x2]

[chorus]

[verse 2:]

and i don't want to loose
the love of my life
i can't take you no where now
you probably fucked other guys
i mean, your already with one
atlas i lost everything
i know there's better things out there,
but your my everything

the one im still alive for
the one i won't loose
thats why ill do anything

just to hold you [x2]

[chorus]

[verse 3:]

about a year has passed me
i still miss you
i still see you with that same guy
that tried to kiss you

im by the phone,
waiting for you to come home
im on my own
never told you to leave me alone

so tell me,
exactly how am i supposed to react
before you left me
you told that you were gonna come back [x2]

[chorus]
