Brokencyde! Brokencyde will never die! (x3)

Broken...

We dont feel the rage you left inside!

Your time will come, for you to die!

You! You! You're broken!

Yeah! Yeah!

The broken...will never...

Yeah! Die!

Until these lights all fade away

I'll sing my heart out everyday

You could try hard you'll never break (x2)

(Was i really broken down!)

The broken!

You're! You're! You're killing me! (x2)

You killed me!

Wait for me...

You'll stand...

Yeah! Yeah! My death feels weak inside!

Your death will wait, away from me!

You're! You're! You're killing me!

You're! You're! You're killing me...

Until these lights all fade away

I'll sing my heart out everyday

You could try hard you'll never break (x2)

(Was i really broken down!)

The broken!

We are... The broken... (x4)

You're broken!

You're broken because of you!

We're broken!

Broke inside!

What!

Because of you!

I'm broken! (x2)

Because of you!

Broken inside!

Because of you, I'm broken!

We are.... The broken...
