Freezing to death in this rain,
I still remember the day,
I never thought that I'd remember your name,
You said you'd always be there for me,
But you never remained,
Forever I drained,
These memories of everything sane,
Psychotic, but I glocked that shot it next to my brain,
The clip was empty so I never felt the pleasure of pain,
But I seriously wish on that day that clip was equipped
with bullets,
I pulled the trigger now love, this is a bitch to pull it,
All of this hint (cassilling?), nothing can save this
killing,
I thought you cared for me, why're you running away
from fillings?
You quoted in your eyes, you agreed to begin,
But that was gibberish, after this, you won't be
breathing again.
I was deceived by a friend who'd been a demon within,
Was telling me not to do what I needed, but I wasn't
believing him,
You fuckin' lied, you told me you would be by my side,
If I would've known this was gonna happen, I would've
tried,
And make everything better, instead of letting it rise,
You could never decide, but what's worse you were
letting me die, inside.
You're fucked up, but I don't care cause it's over,
I've been in colder situations now that I'm barely sober,
and I promise I would share the pain I had with
you,
(???)
Stay the fuck away from me bitch, I hate you!
There ain't nobody around that could save you!
But what you rightly deserve, believe in me, not
needing me, never was there, never believing me. (x2)

I pulled the trigger, to get her fucking attention, I
should've murdered the both of them, but I have nothing
against them,
Ran up six flights of steps ready to sacrifice, wasted

my last bullet shooting the sky, that cashed my life,
Howled at full force, of course, the door had a latch in
size, so I kicked it open and noticed her and her man
inside,
I yelled, "DONT ACT LIKE YOU NEVER FUCKING
DESERVED THIS!!" I swung my fist, she fell face first to
the surface,
I blacked her eye, then asshole tried to pull a gat
instead, I swiped it from his hand and stabbed him in
the abdomen,
He screamed with dying tones, not once did he act or
plea.
Both unconscious, so I covered their bodies with
gasoline,
Cant breathe, youre not the bitch I had, never
hesitated, then said fuck it, and lit the match,
If only you wouldve cared, you couldve seen how nice
I am,
But you never wanted me, so lets see you die for him.
