Uh, hey, yea, let me holla at you real quick girl,
Yo, yo, yo, I get them heads (heads) turnin',
everybody watchin,
23's clits, chromed out watchin,
mic on my chest I don't need to wear a t-shirt,
hoes lookin' at me like they wanna do some reasearch

Hoe, you know me, break me off a kit-kat,
titties in my lap baby you could take a quick nap,
cause I could play with titties all day, yea I could play
with titties all day,

Pocket full of hydro, hand full of drugs (drugs),
Bottle in my bag, lets have some fun,
Diamond on my neck so you know I'm fresh,
Got a brand new car with some brand new jets, hey,
rims be shinin', girls be jockin, I could fuck hoes with
that no problem,
I'm a crunk kid no doubt beyotch, no doubt, put your
motha fuckin hands in the sky J-phatz

chorus:

I'm at the club posted up been sippin on goose,
got girls lookin' at me like they wanna get loose,
like whatcha want, tell me watcha want, watcha want,
tell me watcha want girl,
We drink straight, don't need no chase,
at the beach spring break camera phones in my face
like, (Ayee)
watcha want, tell me watcha want, whatcha want, tell
me watcha want girl.

(Hey, hey, hey, hey watcha want, tell me watcha want
girl)

You know my name (true), I'm phat J,
lookin' real good, that's what the ladies say,
when I walk in the club, my ice be flossin',
but still in my face cause papparazi's watching,
everybody loves me like Mr. T, suck me like a lemon
baby give me squeeze,

The ladies scream when they hear my band, and the
haters talk shit cause they know they can (mother
fucker),
If yous a hater, then yous a hater, sorry that this didn't
work out in your favor,
and my behaviors always wild (yea), they love me
because I got that cute white boy style (uhuh),

Don't be jealous, hellos always highly developed, and
you, don't need to tell us,
cause we already know (hey), got that gangsta flow,
and you know we rock this,
BC13 Mother Fucker can't stop this!

I'm at the club posted up been sippin on goose,
got girls lookin' at me like they wanna get loose,
like watcha want, tell me watcha want, watcha want,
tell me watcha want girl,
We drink straight, don't need no chase,
at the beach spring break camera phones in my face
like, (Ayee)
watcha want, tell me watcha want, watcha want, tell
me watcha want girl.

(Hey, hey, hey, hey watcha want, tell me watcha want
girl)
