Fame, fourtune, platinum records.
It's evey boys dream.

True story.
Somebody asked me one time.
Travie, you high.
You look high.
Shit, Yeah I'm high.

Lets go.

The world is yours, so play the role.
Blow the dust off this record and put the needle down
slow.
Our veins are cold, but we'll never grow old.
Lets have a toast, and raise our drinks.
No hearts on our sleeves, just eagles on our cuff links.
It's such a rush to know you love me so much.

We'll do whatever you want to.
Girl I'll make a movie star of you.
You know that I could,
If you let me be your hollywood.

We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.

Take your razor, break down my line.
Put your nose to the speaker.
Now breathe in, breathe in.

Clean up your nose, and face the crowd.
Then kiss your mirror cuz we're all stars now.
Isn't it fun how music makes your lips numb.

We'll do whatever you want to.

Girl I'll make a movie star of you.
You know that I could,
If you let me be your hollywood.

We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.

Take your razor, break down my line.
Put your nose to the speaker.
Now breathe in, breathe in.

We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We are lust to the glamorous,
White girl so fine.
Going up on the downtown line.

Breathe in.
Breathe in.
Breathe in.
Breathe in
