(You!) Who are you?  
You have no talent. You're a bad juggler.  
You can't walk the high wire. You can't tame a tiger.  
Then I'll be a clown like my grandfather. (Now Joey)  
You'll see! I'll show you all!

That was cruel. You enjoy hurting people.  
i would enjoy...

I roll with kids with pierced faces and bad attitudes  
You'll get stomped like a roach for acting rude  
Show some gratitude  
And we just might reserve the right to let you live  
Think twice before you harass these crab ap kids  
Bring drama, react, we know two-slap kids  
the cap kids, puttin boogers on their wigs  
and if it come to it, been known to decap kids  
blair-witch style, c a f wirtten in twigs  
in the thick situations, easy times and complications  
from very short times to long durations  
we building nations, from g-town to denver, CO  
from Canandaigua, all the way to san francisco  
so what you know about them hoodies with the def one  
tag on the side  
we coasting by while these cats just lag on the side  
if someone told you travis didn't love his kids, they lied  
you got a hoodie? rock it with pride

[chorus]

we be the c to the r a b, a p p l e, family until the day we  
d i e  
continuously extendin ourselves for you to see, smell,  
hear, touch and taste  
we be them c to the r a b, a p p l e, k i d's, reppin is  
lovely  
as you can see, endlessly, spittin prophecies until the  
day we d i e

i roll with kids with nappy heads and backpacks that  
handle their business  
the type of cats that whoop your ass at tony hawk with

the quickness  
like benihana's, 360 judo madonnas  
ride the long ass rail for bonus points if they wanna  
315 area code, lo and behold  
and got that skill to make a dutchie burn slow when  
they roll  
but this is bigger than geneva, i got fam in japan  
and if you don't know, better ask Hiroko  
greet her with 'konichiwa', she'll tell you who's the best  
matter of fact, kokuwa, trav is def.  
this shit it permanent  
you shouldn't even be concerned with it

unless you rock a crab apple with a worm in it  
you freshman to this game son, you just learnin it  
and you can't touch the flame that we lace these  
burners with  
plus we hold these Pilot markers with the firmest grip  
[the firmest grip, the firmest grip]

it be the c to the r a b, a p p l e, family until the day we  
d i e  
continuously extendin ourselves for you to see, smell,  
hear, touch and taste  
we be them c to the r a b, a p p l e, k i d 's, reppin is  
lovely  
as you can see, endlessly, spittin prophecies until the  
day we d i e

to the r a b, a p p l e, family until the day we d i e  
continuously extendin ourselves for you to see, smell,  
hear, touch and taste  
we be them c to the r a b, a p p l e, k i d 's, reppin is  
lovely  
as you can see, endlessly, spittin prophecies until the  
day we d i  
e

these kids is like a hop, skip, and a leap from making  
you sleep  
like snorlax i got their back with my rhyme broad axe  
rock a freaky jason mask that you can barely see me  
through  
spit a thousand volts out my cheeks like pikachu  
smell me, basically it ain't shit so you could tell me  
my mind's made up  
had my back to the exact day crab apple came up  
now i'm worldwide like dot com, just look the name up  
, you know the rest  
double cross my crew i hope Jah blessed to say the less  
but at least take that back, 'cause you speak with

incoherence  
comin at us like that, we'll make you breathe your  
sleaze appearance  
my crew's top brand, you musta got your shit on  
clearance  
[clearance]

c a f to the death

it be the c to the r a b, a p p l e, family until the day we  
d i e  
continuously extendin ourselves for you to see, smell,  
hear, touch and taste  
we be them c to the r a b, a p p l e, k i d 's, reppin is  
lovely  
as you can see, endlessly, spittin prophecies, spittin  
prophecies

c to the r a b, a p p l e, family until the day we d i e  
continuously extendin ourselves for you to see, smell,  
hear, touch and taste  
we be them c to the r a b, a p p l e, k i d 's, reppin is  
lovely  
as you can see, endlessly, spittin prophecies until the  
day we d i e
