"Kissin' Ears"

(feat. The-Dream)

Baby girl we aint got to move to fast
First and foremost i'm a gentlemen with class
Not the least bit concerened with what happened in
your past
And i'm sure your heart's hurting but the pain won't last
I can be your aspirin, ask a friend too.
We start you off with a daily dose of vitamin me
Yeah I got jokes, you laughing at them tho
Now go on and grab your coat and tell your girlfriends
that you leavin' them

Show me baby (show me baby)
What you got (what you got)
Show me baby (show me baby)
Your favorite spot (your favorite spot)
And I can take you
Out of here
Can put your love in the atmosphere.

Show me what you want and I got that.
Tell me what you need and you got that.
I wanna make her press that ass on me
Before we get to that

It starts with kissin' ears
Making babies buying you a mercedes girl
It starts with kissin' ears
Getting married being willing to share it girl
It starts with kissin' ears
Get to know me picking up groceries (fa shaw girl)
It starts with kissin' ears
Paying the bills keeping it trill
It starts with kissin' ears
It starts with kissin' ears
It starts with kissin' ears
Now let me kiss you on your hot spot

Far be it for me to kiss you on the first date
Our lips are like legos and its getting kind of late

You aint got to eat the bait all I want is a chance
To fish and get you nervous cause the pond is drying
fast
You lying if you say i'm the type of guy that youre used
to
Hilltop suite in saint lucha expose your ear so I can kiss
ya
Or maybe just whispa, something real man-ish
You aint know I knew spanish. did ya?

Show me what you want and I got that.
Tell me what you need and you got that.
Say the word its over
Secure you like a soldier
Before we get to that.
It starts with kissing ears

It starts with kissin' ears
Making babies buying you a mercedes girl
It starts with kissin' ears
Getting married being willing to share it girl
It all starts with kissin' ears
Get to know me picking up groceries (fa shaw girl)
It starts with kissin' ears
Paying the bills keeping it trill
It starts with kissin' ears
It starts with kissing ears
It starts with kissing ears

All night long (all night long)
Can you sing my song (can you sing my song)
