Let's go!

[Oh Land - Chorus]

Or when the day is gone
Or when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on

[Travie McCoy]

Lately it seems the good dreams are few and far
between
Nightmares are putting fires out with gasoline
And I'm just tryna stay righteous
Sometimes I see my own face in Christ's likeness
And apart from my life's vices, fifteen years young had
my first mid-life crisis
But it's tough to stay upright and pious when people
you hold highest be the ones that most biased
My daddy told me misery loves company
If that's the case they must hate they ain't getting none
from me
I don't sweat it, it's embedded in my DNA
I got a good heart and bad brains BMA

[Chorus]

Or when the day is gone
Or when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on

[Travie McCoy]

Up late facebookin, playing could've been
And starin at an empty bed my ex-girl should've been
in

Thinking what I woulda done different
Not a damn thing cuz finally i'm done with it
Besides I got a girl that adores me
And I never take for granted all things she does for me
I shoot the moon down and put it on a wedding band
And sing "These Arms of Mine" to her
She's Otis Redding fan
And she'll never forget it man,
Cuz she knows she'll never find a better man
Let's go ahead with these wedding plans
Come on, let's sing a song life goes on

[Chorus]

Or when the day is gone
Or when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on

[Bridge]

You take too much for granted
(Too much, We don't want an inch we want miles)
I just can't understand it
(Can't understand it, Is it really that hard to smile?)
We don't ask, we demand it

[Chorus]

Or when the day is gone
Or when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on
