[Verse 1:]

I'm a lover not a fighter
But every night you decide to
Start some shit
I'm sick and tired of being so sick and tired
Comin home from tour you yelling before I get through
the door
With that so and so said this and that
Why you still with me for?
Goin through my phone I made you feel like a fool
Screaming, who the f*ck is Alex?
When Alexander's my dude
Sometimes I think you do it simply cause your bored
If you really love me we'd be making love not war
But you'd rather waste the little time we do have
Going back and fourth
Are you sorry now?
Well too bad!
I can't believe I wasted all this fucking time
Instead of fighting with you I could have been writing
rhymes or...
Hanging out Stitch and watchin "Up" or something

[Chorus]

You never tried to meet me half way
You played these little immature as games
I tried to be the best man I can but you were too dumb
to understand
That I can have any girl but I stayed with you
I guess everybody plays the fool and
Now you think your coming back to me
But that's something that I just don't see

[Verse 2:]

I thought this was forever the thought of leaving you
never
But you gotta kick rocks cause your screaming's
leaving my head hurt
Before you go there's something that you should know
I'm taking everything I bought and you better leave me
my red shirt
Don't even think of twisting this to make it my fault

Or try to tell me you forgot to take your Midol
Cause you ain't blaming this one on your period
And you can save the song and dance cause I'm gone,
period!
Huh? What? Wait?
Nope I'm not hearing it
The crash dummy final grabbed the wheel and now
he's steering it
Oh, Dear God... What a disaster
And I probably shoulda done something faster
Wait, you know what?
You can kiss my ass
You've been dropped from the label and I'm keepin
your masters
Travie you are a bastard
Call me what you want to
Whatever makes you feel better, I don't want you
P.S. I froze all your accounts and uh... Leave that ring
on the counter

[Chorus]

You never tried to meet me half way
You played these little immature as games
I tried to be the best man I can but you were too dumb
to understand
That I can have any girl but I stayed with you
I guess everybody plays the fool and
Now you think your coming back to me
But that's something that I just don't see

[Verse 3]

You never tried to meet me half way
You played these little immature as games
I tried to be the best man I can but you were too dumb
to understand
That I can have any girl but I stayed with you
I guess everybody plays the fool man
Now you think your coming back to me
But that's something that I just don't see
You never tried to meet me half way
You played these little immature as games
I tried to be the best man I can but you were too dumb
to understand
That I can have any girl but I stayed with you
I guess everybody plays the fool man
Now you think your coming back to me
But that's something that I just don't see
Now you think your coming back to me
But that's something that I just don't see
