Travie:Barteneder

Bartender:yea i hear uu wise ass give me a minute

Travie:im trynna get this round over here

Bartender:what do uu think im just workin for you here

Travie:actually will..will you send a drink to the lady at the end of the bar..yea that one rite

there(Bartender:here uu are miss)yea yea its on me tell her its from Travie(Bartender:from this guy over here)

From the second she shimmied in i was intrigued by her essence.

And my first instinct was to make sure that my presence was felt.

Simple and plain.

I'm probably jumping the train.

But all i can see was my name engraved on her belt.

Hit the pause button-

Damn.

I don't even know this girl and im already practicing my sweet nothings.

But thats a trait of a soft spoken,heart broken fellow like myself,Best believe. (Pussy)

I tend to wear my heart on my sleeve but that night the jagermeister had my sleeves rolled upp.

Wait a minute hold upp.

I think she caught me grilling now im spilling my drink (dnt look,dnt look)

I knew are feelings were in sync as soon as she gave me the wink.

The only problem is im not your ordinary,average Romeo.

A cyranco de bergerac (shut the fuck up)

In fact i remember back in fifth grade

i tried to read the book of love,but sadly the introduction didnt grab me.

So i left it on the shelf and kept moving

Assuming that this planet rotates.

I'll just procrastinate until the day i bump into my soul mate.

Who would've thunk i would be pissy ass drunk when the time came for collision.

So i made the decision to just keep my composure(cool
cool)
Until she started getting closer
And then i felt this weird feeling under my left
shoulder,then i slipped, tripped, busted my lip and fell
in love.
The minute that she stepped in the door.
The type of girl i had to make a couple mix tapes for.
To me she equalled MC Squared and everything else
was mathematic.
I never took the time to practice
