From up above the cloud to under the bridge  
I'll always have a best friend in the city I live

Sometimes I feel I don't have a partner  
Sometimes I feel like my only friend  
Is this city I live in, this big rotten apple  
As lonely as I am together we cry

I drive on her streets 'cause she's my companion  
I walk through her hills 'cause she knows who I am  
She sees my good deeds and she kisses me windy  
Now I never worry, now that is a lie

I don't ever wanna feel  
Like I did that day  
Take me to the place I love  
Take me all the way

I don't ever wanna feel  
Like I did that day  
Take me to the place I love  
Take me all the way

It's hard to believe that there's nobody out there  
It's hard to believe that I'm all alone  
At least I have her love, this city she loves me  
Lonely as I am together we cry

I don't ever wanna feel  
Like I did that day  
Take me to the place I love  
Take me all the way

I don't ever wanna feel  
Like I did that day  
Take me to the place I love  
Take me all the way

Oh no yeah, yeah  
Oh no now yeah, yeah  
Oh no now yeah, yeah

From the highest to high, to the lowest of low  
From the hottest of hot, to the coldest of cold  
From the day we pop out, to the day we grow old  
From the four track tapes to over 10 million sold

From the poorest of poor, to the richest of rich  
Already told ya ass before that simple living's a bitch,  
biatch  
From up above the clouds to under the bridge  
I'll always have a best friend in the city I live

The bridge is over, the bridge is over, pa da pa pa  
The bridge is over, the bridge is over, ha ha

The bridge is over, the bridge is over, pa da pa pa  
The bridge is over, the bridge is over, ha ha

The bridge is over, the bridge is over, pa da pa pa  
The bridge is over, the bridge is over, ha ha

The bridge is over, the bridge is over

Oh no yeah, yeah  
Oh no now yeah, yeah  
Oh no now yeah, yeah
