Fame, fortune, platinum records.
It's every boys dream.

[Lil' Wayne:]
Yeah, just breathe baby
Gym Class Heroes
Ya'll Money
Weezy Baby Ya'll
(HAHAHA)

Yipe Yo Ki Yah, Gitty up
As the white stallion bucks
And kicks me in my nose until my face bust, f***
And they say that they can keep the pace up, but its
Clear as a mirror they don't want to race us
As I stare in this mirror and powder my face up
And I never ever been one to make up
Any allegations that alligators ate us
And from the spine I spit shots, you gonna need 8 cups
Game and money, call me Mr. Monopolist
Ms. Aphroditu what is your synopsis
You can be the goddess of my white castle
Reach me on the hotline and burn your nostrils
Professor cool, I bring class to gym
And since I am the hero I must save them
Him is I and I is lame
This isn't your brain on drugs; its drugs from the brain

Let's go.

The world is yours, so play the role.
Blow the dust off this record and put the needle down
slow.
Our veins are cold, but we'll never grow old.
Let's have a toast, and raise our drinks.
No hearts on our sleeves, just eagles on our cuff links.
It's such a rush to know you love me so much.

We'll do whatever you want to.
Girl I'll make a movie star of you.
You know that I could,

If you let me be your Hollywood.

We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.

Take your razor, break down my line.
Put your nose to the speaker.
Now breathe in, breathe in.

Clean up your nose, and face the crowd.
Then kiss your mirror cause we're all stars now.
Isn't it fun how music makes your lips numb?

We'll do whatever you want to.
Girl I'll make a movie star of you.
You know that I could,
If you let me be your Hollywood.

We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.

Take your razor, break down my line.
Put your nose to the speaker.
Now breathe in, breathe in.

We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.
We'll get high, and hide.
We all lust to the glamorous,
white girl so fine.
Going up on the downtown line.

Breathe in.
Breathe in.
Breathe in.
Breathe in.
