Warning... Warning...

Reason escapes me
Before long you'll understand
I've fallen victim
To this woman's evil plans

This is a warning
You've got to beware
Before you've awakened
She'll have you in the palm of her hand
You're left with nothin'
But still caught up in her trance

This is a warning
You got to beware

[bridge]

She'll lead you where you've never been
And leave you just a-gaspin'
She won't leave a stone un-turned
Until she's - she's seen you burned... yeah

You've got, got to beware
Yeah, yeah, yeah

I hope you'll take heed
And prepare for all I've said
You've had fair warnin'
Gypsy Queen lies ahead

This is a warnin'
You got to beware
