You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

I confess, it would be best for you to wake up now.

Distress, it would be good if you could wake up now.

Straight ahead? He asked. Straight ahead, we said.

(Wake up now)

Straight ahead? He asked. Straight ahead, we said.

(Wake up now)

Should you accept this mission, collect the fact from fiction.

Help me trust your mighty wisdom.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is mighty sudden (Help me trust your mighty wisdom)

Straight ahead? He asked. Straight ahead, we said.

(Wake up now)

Straight ahead? He asked. Straight ahead, we said.

(Wake up now)

Help me trust your mighty wisdom.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is mighty sudden.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is my new start.

Now I stress, the girl knows best, and I should wake up now.

Discreet. Sure would be neat if I could wake up now.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is mighty sudden.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is my new start.

Help me trust your mighty wisdom.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is mighty sudden.

You can take back everything that I've owned since we started.

Just don't let the light in.

This is mighty sudden.

This is my new start.
