Shut up and listen, and come out of the cold.
I'll awake this sleeping dragon now and I'll probably ask
for directions - ya never know.
Take a left at the pass. Take another left past the lake.
Don't forget, read the signs.
Credible your witness. Can I take a stab at your cake?
Kiss the scene goodbye.
I guess you know. I guess I heard. I guess I know you
hurt.
I guess I know, unless I hurt. But this is just a guess.
I will scream your name, as I breakout in time.
I will be the same, still the man of many lives.
Shut up and listen, and come out of the cold.
Time away has simply left me down so I'll promptly ask
for affection - ya never know.
Dream your name, 'til I break down and die.
I will be the same, still the man of many lives.
Still the man of many lines ... Still the man of many lies.
Goodbye.
I guess you know. I guess I heard. I guess I know you
hurt.
I guess I know, unless I hurt. But this is just a guess.
I will scream your name, as I breakout in time.
I will be the same, still the man of many lives.
I will dream your name, 'til I break down and die.
I will be the same, still the man of many lies.
