"Missed The Point"

Called you from a distance, only made me madder.
Man, you missed the point completely.
I said you have missed the point completely.

Nothing to gain? Are you quite sure? Is that your blood
on the floor?
Anything more?
If it's a game, help me keep score. Was that your name
on the door?
Can I see more?

The simple lie. A simple line like this one.
Now leave it all to burn.
The symbol line. The simple lie. Light this one.
Then leave it all to burn.

Are you insane? Are you quite sure? Is that your blood
on the floor?
Anything more?
If it's the same, let me see more. Is that your note on
my door?
Can I see more?

Called you from a distance. Only made me madder.
Man, you missed the point completely.
I said you have missed the point completely.

Take it back! Take it back!
Take it back! Take it back!

Take it back!
The simple lie. A simple line like this one.
Now leave it all to burn.
The symbol line. The simple lie. Light this one
Then leave it all to burn.

Called you from a distance, only made me madder.
Man, you missed the point completely.
Question my existence, nothing makes me sadder.
Man, you missed the point completely.
You have missed the point completely.

I said you have missed the point completely.
