### ONE & ONLY

Girl, this feeling that im feeling is a wonderful feeling  
And im feelin this feeling into my skin, baby  
Promise me you'll never leave me  
Promise me now baby, that you'll always gonna be by  
my side

Girl just come close to me,  
And just let me be, your one and only man  
One and only man  
Girl just come close to me,  
And just let me be, your One and only man

Girl, we been so long together  
Gone so much places together  
Now tell me would u throw all those lovely memories  
away  
I Wish that sometimes I could take a tour through your  
heart  
And find all the selfish part that you always try to hide  
into the dark  
We can put this foolishness aside,  
And girl I kno we can continue with our happy life

Girl just come close to me,  
And just let me be, your one and only man  
One and only man  
Girl just come close to me,  
And just let me be, your  
One and only man

I said, so me so kind, stop wasting your time  
What it yours is yours  
What is mines is mines  
Our sex life is doing quite fine  
Im gonna make it my duty to make sure  
She doesnt need any of your time

Girl just come close to me,  
And just let me be, your one and only man

One and only man  
Girl just come close to me,  
And just let me be, your  
One and only man

Girl I said, girl, this feeling that im feeling is a  
wonderful feeling  
And im this feelin this feeling, into my skin  
Promise me you'll never leave me  
Promise me now baby, that you'll always gonna be by  
my side.

Girl just come close to me,  
And just let me be, your one and only man  
One and only man  
Girl just come close to me,  
And just let me be, your one and only man  
One and only man
