I mean, come on,
You hope I learn from this,
I'll right this wrong,
You don't deserve torture such as this,

I'll dig a hole and get this buried,
You understood but forget I said it,
And another thing that will divide,

Before words escape me (escape me),
Let me say this properly,
I miss you,

Take you for granted, I miss out,
Take us for granted and I will miss out,
I miss you,

Come on, come on, come on,
I know we're bigger than this,
Come on, come on, come on,
There's no where that is better than this,

I'll call a hearse to get this buried,
Misunderstood just forget I said it,
Yeah and another thing, can I subscribe,

Before words escape me (escape me),
Let me say this properly,
I miss you,
I miss you,
I miss you,
Let me say this properly,
Before words escape me
Let me say this properly
I...

Take you for granted, I miss out,
Take this for granted and I will miss out,
Take you for granted, I miss out,
Take us for granted and I will miss out,
I miss you,

Take this for granted, I miss out,
Take you for granted and I will miss out,

I miss you,
I miss you,
I miss you!
