

## Gyroscope "A Slow Dance"

Visit "[A Slow Dance](#)" on [MotoLyrics.com](http://MotoLyrics.com)

just give me one dance, one dance with you, ohhhhh  
just a slow dance so im nearing you, ohhhhh  
take my hand, then let go just let go  
take my hand and lets go so lets go  
did i hear you scream through the windscreen when  
you dropped me off

### CHORUS

we've said it before and we'll say it again this time this  
time it's much different, stop fixing the score, when  
you cheat i can tell  
this time, this time, this time it's much different

from top stands i will get to you, ohhhhh  
with my guitar in hand i'll play as if i knew, ohhhhh  
i understand now let go just let go  
take my hand and lets go so lets go

did i hear you scream through the windscreen when  
you dropped me off  
did i steal your dream if i made a scene, would you top  
me off

### CHORUS

give me one dance, take my hand  
just a slow dance  
just a slow dance, take my hand  
just a slow dance

We've said it before, we wont say it again  
this time, this time it's much different  
When you cheat i can tell, when you cheat i can tell  
this time, this time, this time, next time

when you cheat i can tell, when you cheat i can tell  
oh when you cheat i can tell, when you cheat i can tell
