I've been watching the clock all night I'm done i know the night is young You've been talking the ears clean off my head Therefore i haven't heard a word you've said Anyway We fall away Your tongue is bleeding from all your sharp words From all your sharp words Could you hit me from where i am? And would you hit me now where i stand? I've been listening you know that Obviously you know that Anyway We fall away Your tongue is bleeding now Anyway It's the way I am leaving now I can't breathe Anyway We fall away My throat is bleeding now Anyway It's the way I am leaving now I can't breathe Fall away Fall away

Fall away Fall away Fall away Fall away Fall away Fall away I can't breathe I can't breathe I can't breathe
