Say it to the sky, "I see it in her eye"
A weapon or a pen? - I never will again
Say it to the sky, "You won't guess where I am"
Say it to the sky, "I hope you understand that.. I am
watching you go crazy.
It's revolting me, I'm hazy, like a thunderstorm you
wake me, with a simple compliment and love"

I shot the shit, I fucked the fake
That said, I can do it anyway I want... I'm licking my
wounds.
I'll shut my eyes. I'll meditate.
That said, I couldn't do it even if I tried... I'm still inside
you.

Say it to the sky, "Have you guessed where I am?"
Say it to the sky, "I hope you hear me".
Say it to the sky, "we see it in her eye".

An enemy or friend? it happens to be the end... a
weapon or a pen?... watching you go crazy.
Like a thunderstorm you wake me, with a simple
compliment and love.

I shot the shit. I fucked the fake.
That said, I can do it anyway I want... I'm still inside you.
I'll shut my eyes. I'll mediate.
I said, I wouldn't kill it even if I could... still licking my
wounds.
