Just entered the club and got my zone on
Looking for someone potentially to take home
Headed to the bar to order some Hennessy straight
So i can get on point thats why i don't chase
Gaze the set to see who catchin my eye
A pecan tan red with some thick thighs
Bad as hell, lil mama had it going on
Don't even know she in here moving to ya boy song
I approach her, drink in my hand
Couple sips now I'm feeling like the dam man
She already moving roll up on her backside
She don't resist so i know I'm on her good side
Shawty smelling real good too
She feel me poking on her back, so she knowing what I
want to do
We leave the floor and head back to the bar
And damn shawty in here looking like a superstar

Chorus:

Shawty you lookin good
Shawty you lookin fly
The type of girl that always seem to catch a players eye
girl you got me zoning on you
your bodies got me zoning on you [2x]

Ay what it is What it do
Pop bottles over here with the crew
4 shots got the boys on lean
Still thuggin doin thangs with my team I'm a fool for the
green
I'll make a baby shake that shake that
you got it down pat shake that shake that
You got me foamin out the mouth like a stray dog
I got pills if you wanna get straight doll
Ay you lookin good in that lil dress
I'm on three red bulls so i can't rest
So how about we hit the spot make it hot
and if you hot baby girl let me drop that top
In that M6 baby when the peddle hit the floor it'll do
tricks baby
You Like fast rides I like fast rides

But you can do it slow baby girl get right

Chorus:

Shawty you lookin good

Shawty you lookin fly

The type of girl that always seem to catch a players eye

girl you got me zoning on you

your bodies got me zoning on you [2x]

Bridge:

Cuz I see you and you see me so want you come over

shawty and let me talk to you

I know you see me zoning on you

Your body got me zoning on you
