[Method Man]

Uh and it goes like this

Uh uh uh uh it goes like that

Now let me tell you who I am

Up early in the morning dressed in black

Who dat? *echoes*

[Genius/GZA]

Yo yo

Marvel this theatrical drama on stage

Broadway classical led men to rage

Like currents the beat change and now a flow is
strange

You in the arctic wit wolves that viciously main

Thugs that roam clubs, in the dark wit fireworks that
spark

Saltwater vibrations comin from sharks

Blood-thirsty kids bite just as well as I write

You're like secretaries who can't type, you're no use

Broke down vessels who want a boost, there's no jokes

Quick fast you, get stumped cuz you played, your
organ pump

Kool-Aid, from Indiana wit the Jones of a Lost Crusade

Hip-hop done hit the church, choir girls rockin mini skirts

The b-side kept plenty hurt

Push like the shovels in snow storms

And stack piles of foul, the shit you must GROW ON!
echoes

Chorus [Method Man] 4x

Uh and it goes like this

Uh uh uh uh, it goes like that

[Method Man]

Pay no attention to the evil they speak

You caught the beef wit the equal eye, poisonous beats
from underneath

Crack the concrete wit two left feet

Head on my meat

Ain't no games here we playin for keeps (WE PLAY FOR
KEEPS!)

Introducing, the crowd seducing man on the street

Penitentiaries is either half-dead or too sweet

Back to basic, condition-al god, plus I can take it

Wagin war within the matrix, it's hard to see

Touch, hear, smell or even taste it, take your places

We runnin in these human races, bucking naked

Back-slappin kid yappin, actin villian catchin feelin like
we cap peelin

As if we killin every brick in every project building

From Cabrini Green to Tildens, sincerely yours

Mista Meth and Maximilion (da millions, da millions)

(Ka ka ka ka ka ka KAAA!) (da millions ha!)

Chorus 5x

[Method Man]

Uh uh uh uh

Uh uh uh uh

Wu-Tang Killa Bees on the swarm (WE PLAY FOR
KEEPS!)

(WE PLAY FOR KEEPS!)

Wu-Tang Killa Bees on the swarm

And it goes like this
