Chorus

Like a river to the ocean  
Love keeps bringing me back to you  
An irresistable emotion  
I can't deny the truth  
Cos I searched far and wide  
Until I realised, yeah I knew  
All I want is you

I've had a change of heart  
I know that I was wrong  
And now there's an emptiness  
That lingers on and on  
Cos even after all this time  
You're the one thing on my mind  
I try to run away but there's no escape  
My heart could never lie cos...

Chorus

Now some people spend their lives  
Searching for the one  
Suddenly I realised the crazy thing I'd done  
Cos you were standing right beside me  
But like a fool I could not see  
Now I need search no more  
This time I feel so sure  
That you're everything I need

Chorus

All I want is to love you baby  
All I want is to love you yeah  
All I want is to love you baby

Chorus

Like a river to the ocean  
Love keeps bringing me back to you  
And irresistable emotion  
I can't deny the truth

All I want is you
