Love at first sight
You and me that breathless night
Love took shape and body in the morning light.
We were sure
This could never have happened before
Never before

Taken away
To a world we'd never seen
Souls and bodies keen to know what love would mean
And we'll learn
Making up for the night we had yearned
We made plans
We made a bow, all so far
From what is now
Strangers somehow

[Chorus]
Another you, another me
It was the dawn of the first day
And life had only just begun
Another you, another me
The past had nothing more to say
We had our moment in the sun
And I can't see
No I can't tell you how we came to be
Another you, another me

Never before
Had I said for ever more
Never felt such urge
To know and to explore
It's so strange
When you asked "do you think this will change?"
I said "no"
This is the way
This is how, our love will stay
Just like today

[Chorus]
Another you, another me

It was the dawn of the first day
And life had only just begun
Another you, another me
The past had nothing more to say
We had our moment in the sun
And I can't see
No I can't tell you how we came to be
Another you, another me

And I can't see
No I can't tell you how it came to me
Another you, another me

Hmmm
Another you, another me
