I see you stare across the floor
Have I played this scene before
All I want is something more
There's no use in tryin' hide
All the lonely tears I've cried
When I wanted something more

Time and time I've taken chances
Then all my dreams are torn in two
Over you

What can I do to make this real
Just let your heart know how you feel
Don't give up
Don't let go this time
So if you want a reason why
It would be wrong to say goodbye
Don't give up
Don't let go this time
Baby, make up your mind

Now your close to me tonight
There's a feelin' I can't fight
I just want to make it right

Time and time I've taken chances
Then all my dreams are torn in two
Over you

What can I do to make this real
Just let your heart know how you feel
Don't give up
Don't let go this time
So if you want a reason why
It would be wrong to say goodbye
Don't give up
Don't let go this time
Baby, make up your mind

Time and time I've taken chances
Then all my dreams are torn in two

Over you

What can I do to make this real
Just let your heart know how you feel
Don't give up
Don't let go this time
So if you want a reason why
It would be wrong to say goodbye
Don't give up
Don't let go this time
Baby, make up your mind

What can I do to make this real
Just let your heart know how you feel
Don't give up
Don't let go this time
So if you want a reason why
It would be wrong to say goodbye
Don't give up
Don't let go this time
Baby, make up your mind
