America! The time for change has come!

America! The time for change has come!

Broadcast, now my CD's in your tape deck!
Listen to me drop in like Bucky Lasek!
Cash paychecks, my safe sex still triple X!
Take a rest my AIDs test is A+!

I'm the future, new style digital
I'm on the old school team like a triple beam
This a take down, I break down you fake clowns
You hate now but wait now you face down!

Politicians and Generals....

Tell me how you gonna fight the fuckin' war from a golf course!?
The Redneck, President, is a lost cause!
I know he get real money - but at what cost!?

Politicians and Generals....

YEAH IT'S EASY TO WATCH KIDS DIE WHEN THEY NOT YOURS!!
I'VE SEEN THIS ALL BEFORE, I'VE READ IT ALL BEFORE,
IT'S 1984!!

It's all of you. And all of those who have joined us from across the country.
In 6 days, we can choose an economy that rewards work,
And creates jobs, and fuels prosperity, starting with the middle class.
In 6 days, we can choose to invest in health care for our families,
And education for our kids, and renewable energy for our future!
