Yeah  
I gotta get through this shit  
(Strait up)  
Momma told me that there'd be days like this  
(Strait up)  
You know it's easy to forget what my purpose is  
(Strait up)  
Just when I feel like everything's cool my drama begins  
to surface  
(Strait up)

And all that drama is hard to not let it blind you  
You gotta put that fake shit behind you  
Don't let your enemies remind you about that time you  
fucked up  
My boy woulda told you to shut the fuck up  
(Strait up)

I see fools laughin and I wanna cry  
I see fools livin it up and I wanna die  
Shit, I feel like I got one foot in the grave already  
I feel like Jesus is out to get me  
Test me and watch me fail  
But I know it's not too late for me  
He told me there more out there than just hate for me

I see you on a painted row  
And I miss you  
I can't see you but I feel you  
I feel your soul, you know this  
No matter what I know you still got my back  
I know where you at

I gave everything  
I lost everything  
I want everything  
I lose everything  
I hate everything

I know where you at  
I can't find

The more I look the more I can't find you  
I can't find  
The more I look the more I can't see you  
I can't find  
The more I look the more I can't find you  
Why, why?  
Back up  
strait up  
Disappear  
What  
Shut up  
wake up  
I'm over here  
What

I woke up and I cursed the day  
(Strait up)  
I woke up and I prayed for this pain in my chest to go  
away  
Jesus he just laughed at me  
Said my life was a tragedy and I was lost for all eternity  
Said nigga why you forsakin' me?  
Baby you breakin' my heart  
(Strait up)  
Oh man, if I could just go back and start over again  
Just have one good friend  
Shit, take that shit to the top  
(Strait up)  
And never stop  
(Strait up)  
Bring that shit back again  
Damn, just one good friend  
I'm over here, come back now, show me how  
I don't care anymore  
I can't, I can't take it  
Close to the edge and I'm breakin down  
Yeah, you see me breakin down

I gave everything  
I lost everything  
I want everything  
I lose everything  
I hate everything

I know where you at  
I can't find  
The more I look the more I can't find you  
I can't find  
The more I look the more I can't see you  
I can't find  
The more I look the more I can't find you

Why, why?

Everyday another liar, here comes another thief  
Prepare yourself for much more sorrow, depend on  
much more grief

Everyday another liar, here comes another thief  
Prepare yourself for much more sorrow, depend on  
much more grief

I can't find  
The more I look the more I can't find you  
I can't find  
The more I look the more I can't see you  
I can't find  
The more I look the more I can't find you  
Why, why?

Back up  
strait up  
Disappear  
What  
Shut up  
Wake up  
I'm over here  
What  
Back up  
strait up  
Disappear  
What  
Shut up  
Wake up  
I'm over here  
What  
Wake up, get up, walk away  
Wake up, get up, walk away  
Wake up, get up, walk away  
Wake up, get up, walk away
