I'm sorry I couldn't live up to  
So sorry I couldn't be like you  
I'm sorry I couldn't become  
What you are

I couldn't have tried any less  
I hate becoming your regret  
I kinda like what you put me through  
What you put me through

Maybe you're not like them  
Maybe they're not really your friends  
Maybe you think too fucking hard  
Too fucking hard

You can't take it from me  
You can't take it from me  
How can you take what was never mine

I could have done so much more  
I could have been so much more  
Now I'm one person less than I used to be

So what am I supposed to think  
So what am I supposed to think  
So what am I supposed to think  
So what am I supposed to think

Well I couldn't have tried any less  
I hate becoming your regret  
I kinda like what you put me through  
Bitch hoe cunt slut tramp liar whore

You can't take it from me you can't take it from me  
How can you take what was never mine  
You can't take it from me you can't take it from me  
How can you take what was never mine
