YEP!

Don't Bother Me

The harder they cum
Harder they fall
One and all

I wanna see you suffa

Never Lay Down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
Im a champion

I wanna see you suffa

The harder they cum
Harder they fall
One and all

I talk back then let em have it...

Indestructible

Yeah another vendetta
I wont stop
I take em down
I get em
One by one
I break em down
and never
Let em up
I play this song, live this song
So put em up
I'm a dog
I'm a playa

Know what i mean
I'm no chump
I'm a hustla
I got mouths to feed
I'm a born Amerikan
A natural born killa
I'm a rude boy, son
I'm a predator

The harder they cum
Harder they fall
One and all

I wanna see you suffa

Never lay down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
I'm a champion

I wanna see you suffa

The harder they come
Harder they fall
One and all

I talk back and let em have it...

The sun is getting higher
You're on your own
I'm moving back to Zion
I'm going home
And when my job is done
I'll find my place in the sun
And never look back inside my Babylon

But they keep playin with me like
Every single day
Oh yea, but i got something to put
These haters
In their place

A born Amerikan
A natural born killa
Yea I'm a rude boy, son
I'm a predator

The harder they cum
Harder they fall
One and all

I wanna see you suffa...

Never lay down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
I'm a champion

I wanna see you suffa

The harder they cum
Harder they fall
One and all

I talk back and let em have it...

I wanna see you suffa

I'm Indestructible

I wanna see you suffa

The harder they cum
Harder they fall
One and all

I wanna see you suffa

Never lay down
Never say die
Never tap ou

I wanna see you suffa

You might win some
But you just lost one
I'm a champion

I wanna see you suffa

The harder they cum
Harder they fall

One and all

I talk back and let em have it..

Don't bother me

Don't bother me

I talk back and let em have it

I talk back and let em have it

I talk back and let em have it
