I come as I am
I come when I can
This man come complete with confusion

I come as I am
You know I got to look for
Got to find the connections

One eye on you
One eye on these rhymes
The third eye a got nigga's back part time

I crossed out all the weak lines
Re-runs memorized drama confined
For the moment

My brother, bother man, do you got some time
My sweet mother can you spare
Yet another, another dime

I know this too
I will leave behind
All this too

Yes, my soul will find the way back
Run, run away back
Come, please show me the way back
I got off track

One thing is over another begins, yeah
One thing starts another thing ends again

I'm tired of waitin', I'm tired of sleepin'
Everytime I close my eyes
I know I'm missin' somethin'

I'm tired of wondering what
I'm so fuckin' tired of askin'
Always needin' an' wantin' somethin'
I'm tired of thinkin, tired of wonderin what

Yeah, I come as I am

Never give a damn
Come where I can

She say she wanna
Skip the foreplay
Not a problem

Compulsions dictate my every decision
Temptations into everyone
I'm givin' in

Observe this brother in sin
See how he's livin'
Notice that shit eatin' grin
He's wearin', not carin'

The niggaz high 'til it hurt
An' the confusion from the first verse
Make it much fuckin' worse

His soul will find a way back
Run away back
Come please show me the way back
I got off track

One thing is over another begins, yeah
One thing starts another thing ends again

I'm tired of waitin', I'm tired of sleepin'
Everytime I close my eyes
I know I'm missin' somethin'

I'm tired of wonderin' what
I'm so fuckin' tired of askin'
Always needin' an' wantin' somethin'
I'm tired of thinkin', tired of wonderin' what

This soul will find a way back
Run, run away back
Come please show me the way back

This soul will find a way back
Run, run away back
Come please show me the way back

This soul will find a way back
Run, run away back
Come please show me the way back

This soul will find a way
Run away, come back

I lost track, come on
