Not long ago, we've met while caring for the cage
I was scare but she said "No worry, I'll take care of it"
Would you mind grabbin' something to eat, afterward I
asked
Sittin' down by the sushi bar we laughed past curfew

Three days later, awe at the turk she started feelin'
down
I smiled 'n said no worry, come with me I'll take care of
it
Oooh really? Please just leave my world be, she said
But when we trollin' down 82 miles she laughed again

So I cry me-self a river, longing for that Yanky dime
Just built a bridge and get-over it, you said
Went to bed, couldn't sleep, all I do is thinking of you
So much to be said, so much to kiss and tell
Sitting next to the fire, drinking Pepsi 'n watching Blood
Diamonds
Oh, you outta know ya the reason I fell off the heaven
Miss you so much

She's a hometown hottie and I'm a simple Valley-girl
Sip down the country coast where the crawfish fest
ruled
It was hard, she was dazzled and I try not to stare
So I shout "Whateva!" and she said "Shut up, you're an
idiot!"

Tube up-n-down the river, we were cruising' for a
bruisin'
Oh, the feeling I felt that perfect day in Wade
It's the kind of fuzzy feeling can't be said but only felt
So perfect just right and ain't no words can ever do
justice

Gonna cry me-self a river, too much candy for a Yanky
dime
Just built a bridge and get-over it, you said
Went to bed, tryin' sleep, all I do is thinking of you
So much to be said, but it's gonna be sucked
Hanging on the roof, drinking Coke 'n watching Start

Dust

Oh, you outta know ya the reason I fell off the heaven
More than ya ever know, miss you much
