I see you stare across the floor
Have I played this scene before
All I want is something more
There's no use in tryin to hide
All the lonely tears I've cried
When I wanted something more
Time and time I've taken chances
Then all my dreams are torn in two
Over you

Chorus

What can I do to make this real
Just let your heart know how you feel
Don't give up, don't let go
This time
So if you want a reason why
It would be wrong to say goodbye
Don't give up, don't let go
This time
Baby make up your mind
Now your close to me tonite
There's a feeling I cant fight
I just wanna make it right
Time and time I've taken chances
Then all my dreams are torn in two
Over you

Chorus

What can I do to make this real
Just let your heart know how you feel
Don't give up, don't let go
This time
So if you want a reason why
It would be wrong to say goodbye
Don't give up, don't let go
This time
Baby make up your mind
Time and time I've taken chances
Then all my dreams are torn in two
Over you

Chorus (x2)

What can I do to make this real
Just let your heart know how you feel
Don't give up, don't let go
This time
So if you want a reason why
It would be wrong to say goodbye
Don't give up, don't let go
This time
Baby make up your mind (fade)
