I know that it hurts too much
I know that you're scared
I know you're running out of trust
And wishing you were dead

It is in your misery
You're not alone
And so come share your tears with me
And witness it all go wrong

I know it and I feel it
Just as well as you do, honey
It's not our fault if death's in love with us, woah woh,
woah woh
It's not our fault if 'The Reaper' holds our hearts, woah
woh

41plus 66.6 equals our loss
We're breathing only to fade away
We're running just to get caught

What love's lies blessed
What love's light cursed
Just fear for the best
And hope for our worst

I know it and I feel it
Just as well as you do, honey
It's not our fault if death's in love with us, woah woh,
woah woh
It's not our fault if 'The Reaper' holds our hearts, woah
woh

Death's in love with us, woah woh
'The Reaper' holds our hearts, woah woh
Death's in love with us, woah woh
And 'The Reaper' holds our hearts

I know it and I feel it
Just as well as you do, honey
It's not our fault if death's in love with us, woah woh,
woah woh

It's not our fault if 'The Reaper' holds our hearts, woah
woh, woah woh

It's not our fault if death's in love with us, woah woh,
woah woh

It's not our fault if 'The Reaper' holds our hearts, woah
woh
