I taste death in every kiss we share
Every sundown seems to be the last we have
Your breath on my skin has the scent of our end
I'm drunk on your tears, baby, can't you see it's
hurting, ohh

Every time we touch we get closer to heaven
And at every sunrise our sins are forgiven, uh hoo
You on my skin this must be the end
The only way you can love me is to hurt me again
And again, and again, and again

Your love is a razorblade kiss
Sweetest is the taste from your lips
Your love is a razorblade kiss
Sweetest is the taste from your lips

Oh the taste from your lips, my darling
Ooh, taste from your lips, oh, my love

Only inside where I'm free
I'm tired of waiting
You've got to let me dream
Inside you, baby I'm not afraid to feel
I want you to love me' cause you are the one
Cause you are the one, 'cause you are the one

Your love is a razorblade kiss
Sweetest is the taste from your lips, oh
Your love is a razorblade kiss
Sweetest is the taste from your lips

Ohh, the taste of your lips
