"Dream Away"

Look at yourself on one fine day
As another poor boy is blown away
Look for the light of pure mankind
As another poor child is left behind
Look at the streets they begin to crack
Too many people on my back
What is right and what is wrong
When you're living in a world where you don't belong

Hey people, let's just dream away
Hey people, let's just dream away tonight

Look at these fine young boys in black
Too many tears 'cos they're high on crack
The hope and the fear they'll find one day
As another poor child is blown away
Too many people in too many places
Misery is written on their faces
What is right and what is wrong
When you're living in a world where you don't belong
