I'm longing for some space  
I'm longing for the place  
I'm longing for the days,  
Where you start listening to me

Sometimes I cry  
Sometimes I hide  
Sometimes I buy a holiday  
In seven heavenly skies

You think you're free  
But the breed has got you  
You think you're free  
But the need has got you  
You think you need the breed of greed,  
You rule my world  
With the breed that's got you

Chorus:  
Heaven is a place I long to go  
Has a face when I see you  
Is a hell in seven skies  
Tell me truth not holy lies

Show me the world of peace  
Show me what I can't see  
Show me that place and face your  
Breed of Greed

My mind is shaded blue,  
I don't know what to do,  
Shall I just leave or is there  
Anything left to do

You think you're free  
But the breed has got you  
You think you're free  
But the need has got you  
You think you need the breed of greed,  
You rule my world  
With the breed that's got you

Chorus

1:st verse
