"Heavy Mettle"

You stole my victory
Inside this destiny
I was too blind to see
You are the enemy
Say it is so, this mettle is heavy

So you think you get to me
I've got news for you you're history
Say it is so, this mettle is heavy

In this life
You begin to die
Won't you hold on to your
Time

War is not against the flesh you see
Here you'll find your empathy

Your Faith down the line
So hard 2 find
Won't you hold on to your
Time

Intelligence is in it's infancy
Hold, hold on to your destiny

Thy will be done, this mettle is heavy
