Fire shine through my liquid sunlight,
Thoughts of those I love hurt my head...
And with another golp I'll wash 'em..
Down, to stop them spinning me around...

I smell the sent of your bitterness so sweet,
Caress your body, caressing my needs,
The colors of gold that you show me,
Bleed into seas I never see when you leave me...

...LIQUID SUNLIGHT...
...LIQUID SUNLIGHT...

Timeless I walk on a tightrope,
Timeless I fall, timeless I hope.
Senceless my wonders and liquid is my dope,
But sence I wonder, so that's my hope

So shine on with me, you crazy diamond,
You cover what's real, 'caus you are my friend,
Stayin' a time are we unlead,
Are we are on fight my liquid sunlight shining inside...

...LIQUID SUNLIGHT...
...LIQUID SUNLIGHT...

Don't ask me why I'm flyin' so high man,
Don't ask me why I'm leavin' you a lie,
Ask me where and why am I lying,
Under the sun when the night is aside...

...LIQUID SUNLIGHT...
...LIQUID SUNLIGHT...
