1.

Time went by and it seems to me,  
Like no-one in the world could ever understand me  
Where to go  
I don't know  
This burning flame that burns inside of me  
Everytime I see you  
Why? - I don't know.  
It seems to me like you're to me  
Just a competitive girl  
Why? - I don't know  
All that I know is that I need to show  
What I want to do for you  
Before you go...!

Chorus:

I wanna sing, swing  
Just for my little girl!  
Swing!  
Just for my little baby!  
Sing, swing  
Just for my little girl!

2.

Sad it seems that you need to leave  
It's now that I see what you mean to me  
I... I love you  
Build up your personality  
Find out the way how you want to be  
But how, I don't know  
All that I know is that I need to show  
What I want to do for you  
Before you go  
I wanna sing around the world  
I wanna sing for my little girl  
For you, my little girl

[repeat Chorus]
