Album: No excuses

Ten thousand light-years away,
Away from my own nightmare
I'm feeling kinda strange
In my head scents of disarray,
Thoughts that I put in order
I find out about you and me
I found out I had to take the long way
Nothing can stop me
I won't stop until I know all the wrong ways
I'll get there someday, yeah
I live by my abilities
Deny other possibilities
No matter what anybody says
I don't give a fuck

Refrain:

This is my way and no excuses
I'm not what you say is real
Expect nothing in return
Let's not abuse this here
No excuses
Ten thousand days been on this way - still going
It's getting kinda hazy
Routines coming near - coming near
I get the clue how to set it straight
I know it might sound crazy
But this is why I'm here come on closer
Come aboard to another trip to myself come in and
find out
Come in and find out
Seven days of recreation might help seven days
No doubt seven days
I live by my abilities
Deny other possibilities
No matter what anybody says
I don't give a fuck

Refrain:

This is my way and no excuses
I'm not what you say is real
Expect nothing in return
Let's not abuse this here

This is my way and no excuses
I'm not what you say is real
No excuses
Yeah, yeah, come on
This is my way and I walk it
This is my life and I live it
This is my game and I play it
This is my life and I live it
This is my way and I walk it
This is my life and I live it
This is my game and I play it
This is my life
This is my life
This is my life
Refrain:
This is my way and no excuses
I'm not what you say is real
Expect nothing in return
This is my way and no excuses
I'm not what you say is real
No excuses
Let's not abuse this here
This is my way and no excuses
I'm not what you say is real
No excuses
