You drink your coffee, I sip my tea
And we're sitting here, playing so cool
Thinking what will be will be

It's getting kind of late now
I wonder if you'll stay now, stay now, stay now, stay
now
Or will you just politely say goodnight

I move a little closer to you
Not knowing quite what to do and I'm
Feeling all fingers and thumbs
I spilt my tea, oh silly me

It's getting kind of late now
I wonder if you'll stay now, stay now, stay now, stay
now
Or will you just politely say goodnight

But then we touch, much too much
This moment has been waiting for a long long time
Makes me shiver, makes me quiver
This moment I am so unsure
This moment I have waited for
Is it something you have waited for
Waited for it too?

Take off those eyes, bend your soul
Gather me to you, make me whole
Tell me your secret, sing me the song
Sing it to me in the silent dawn

It's getting kind of late now
I wonder if you'll stay now, stay now, stay now, stay
now
Or will you just politely say goodnight
